The use of your own device MUST adhere to the University's Computer Use Regulations. In particular, when you use your own device as a work tool, you MUST maintain the security of the University's information you handle (which includes but is not limited to viewing, accessing,

Bring Your Own Policy - Nottingham Trent University

Bring Your Own Device Policy 1 Introduction The University of Strathclyde recognises the benefits that can be achieved by allowing staff to use their own electronic devices when working, whether that is at home, on campus or while travelling. Such devices include laptops, smart phones and tablets, and the practice is commonly known as "bring your own device" or BYOD. It is committed to ...

BRING YOUR OWN DEVICE POLICY - University of Strathclyde

college network Whilst the college does have a remote desktop terminal server, it is worth noting that officially the college does not offer support to users on anything other than college machines and therefore these instructions may or may not work for you based upon your own machines configuration. Connecting through Windows All versions of Windows from XP to 10 have a tool called remote ...

Using remote desktop to connect to the college network

1 Unit 11: Plan and manage your own workload In any career, or personal pursuit, planning and managing a workload is an essential skill. In public relations, you will often need to work on several

Unit 11: Plan and manage your own workload

Grow your own talent Growing your own talent by working with young people helps with succession planning as it reduces the risks associated with unplanned retirements, staff absences and skills shortages. It's also an effective and simple way of developing a talent pipeline. Opening your business up to young people will make working for you attractive to other bright young minds and their ...
